DR. EATON NOW IN RACE FOR CONGRESS

Dr. J. L. Eaton, of St. Francois county, is actively in the race for Congress. He is popular in his home county, and indications are that he will draw from a number of other counties in his district. He has had legislative experience and bears the reputation of being a forceful speaker. His economical management of State Hospital No. 4 has won for him many admirers.—Cape Girardeau Southeast Missourian.

The Times concludes that Dr. J. L. Eaton, a native son of this section, is one of the most powerful public men in Southern Missouri, when ability and accomplishments are considered; resourceful, masterful and competent, there is no doubt as to his ability and capacity to render economic, distinguished public service.

His broad judgment and economic ideas appeal to the overburdened taxpayer, and the country is certainly in need of men of mature judgment, with safe and conservative ideas of economy and curtailment of expenditures.

We believe there is a strong sentiment to elect men as Congressmen who have fully demonstrated that they are for the things that the people want. The people are evidently ready to turn to a leader of force and conviction and proven accomplishments.

BENJ. H. MARBURY FOR COURT OF APPEALS

There will be only one of the judges of the St. Louis Court of Appeals to nominate at the August Primary, this one to fill out the unexpired term of the late Judge George D. Reynolds, Judge Reynolds having died shortly after his election in November, 1920, and Gov. Hyde having appointed Judge Charles H. Dawes, who will only hold over until after the November election in 1922.

The St. Louis Court of Appeals district is composed of the City of St. Louis, and the counties of Monroe, Shelby, Knox, Scotland, Clark, Lewis, Marion, Ralls, Pike, Lincoln, Warren, Montgomery, St. Charles, St. Louis, Jefferson, Ste. Genevieve, Perry, Cape Girardeau, Madison, St. Francois, Washington, Franklin and Audrain. There are three judges composing this court, and three commissioners, appointed by the court for a term of four years.

The appellate jurisdiction of this court is such that it is of very general and important interest to the citizens residing therein, as a greater proportion of the civil litigation goes, on appeal, to this court. Not since the organization of this court have either of the two great parties even nominated a lawyer from this section to serve on that bench, but have most generally nominated and elected men from St. Louis, and all of the governor's appointees have come from that city.

Our fellow townsman, Hon. Benj. H. Marbury, is a candidate for the Democratic nomination for judge of

this court; he has resided in this county and city for the past twenty-five years, and during that time has been both city and prosecuting attorney. He is well educated, both from a literary as well as legal standpoint; he has been connected with most of the important cases tried in this and surrounding counties, and has had a varied and successful experience in the appellate courts of this state; we know of no other Democrat in this section of Missouri who is better fitted for this important position. Politically, he has at all times been a consistent and militant Democrat, giving of his time and means to the party and its nominees.

We commend his candidacy to the Democrats of this judicial district, assuring them that if nominated and elected he will make an honest, careful, just and learned judge.
